

anotHER VIEWture AWARD 2022

annual award for excellence in
female civil engineering and architecture

Follow the journey of AnotHER VIEWture Award 2022, beginning with
the call for entries starting in March. For an extraordinary chance to
achieve recognition on the world stage.

PROJECT SUBMISSION AS OF MARCH 2022

The **anotHERVIEWture AWARD** introduces women and their work to you and a broader public
in order to raise awareness of the female power in the building industries. And to highlight
role models in order to transform this field of profession towards equality and diversity.

We kindly invite you to browse our **anotHERVIEWture ARCHIVE** and discover those
interesting women and their buildings, bridges or landscapes.

Mission

DO YOU KNOW A FEMALE ARCHITECT OR ENGINEER?

MAYBE YOU HAVE HEARD OF ZAHA HADID OR MARGARETHE SCHÜTTE-LIHOTZKY?

There are 1.119 female architects and chartered engineering consultants registered in Austria and 707 of them are actively working in their field of profession. 1.119 women, representing 10% of highly trained and officially accredited experts in Austria who design and create our built environment. The **anotHERVIEWture AWARD** introduces many of these women and their work to you and a broader public in order to raise awareness of the female contribution in the building industry and to highlight role models in order to transform this field of profession towards equality and diversity.

MEET THEM ALL:

We kindly invite you to browse our constantly growing **anotHERVIEWture ARCHIVE** and discover many interesting women and their buildings, bridges or landscapes.

SUPPORT US:

Become a sponsor of the **AnotHERVIEWture Award**! Tell everybody about this committed **anotHERVIEWture AWARD** initiative and financial sponsoring is possible too. Make a trendy- Included is the display of your organization and logo on our publications appearance on our diverse media and be our special guestan invitation at ourto the **anotHERVIEWture AWARD** ceremony.

Timeline

COME ON, JOIN THE CLUB:

If you are a female professional, we are looking forward to your registration. You can register without submitting a project for the **anotHERVIEWture AWARD** and become part of our archive. If you would like to submit a project for the award, please find the conditions of participation below.

Registration

MEET THE JURY 2022:

National and international renowned female colleagues and experts will accurately choose winners in four different **anotHERVIEWture AWARD** categories.

Jury
Categories

WHO CAN APPLY?

Every female architect or civil engineer with an Austrian ZiviltechnikerInnen-Befugnis (active or inactive) is welcome to submit in categories I to III. In Category IV (International Female Architect of the Year) female architects with a similar foreign authorization can apply.

FACTS:

The proportion of women among architects and consulting engineers is still very low. A special Committee of Women in the Austrian Federal Chamber of Architects and Chartered Engineering Consultants is working on various measures to achieve a more balanced ratio. For example the project "**YesWePlan!**", co-funded by the Erasmus+ programme of the European Union, connects different European partner organizations with the aim of sharing experiences and best practice examples for closing the gender gap in architecture and civil engineering.

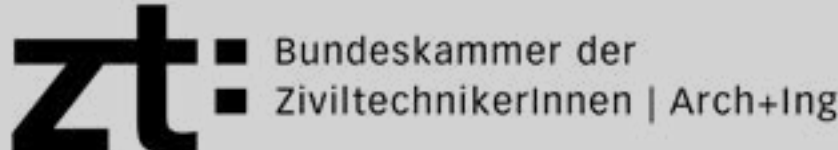

www.yesweplan.at

In 2022 the **anotHERVIEWture AWARD** will be awarded for the first time. These are our aims:

- Highlight the contribution of women to building culture
- Highlight the contribution of women in technical professions and their importance in providing highly complex planning services.
- Create opportunities to network and empower women in technical planning professions
- Create role models
- Raise awareness that the advancement of women is important and necessary, especially in technical professions.
- Increase the proportion of women among architects and engineering consultants.

All women and their projects uploaded will be displayed in our **anotHERVIEWture ARCHIVE**, which is being established parallel to the anotHERVIEWture AWARD with the intention to create a digital library allowing female professionals to present their work.

DEADLINE SUBMISSION June 30, 2022, 12 a.m. CET

JURY September 30, 2022

AWARD CEREMONY October 20, 2022

Register NOW

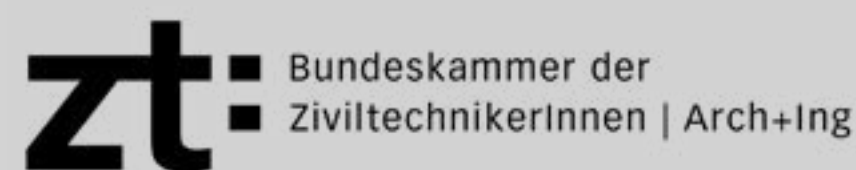

Projects and biographical data of women who register will be part of the **anotHERVIEWture ARCHIVE**. Here you will be provided with an individual digital data space (secured by username and password).

The personal data uploaded can be modified by the user at any time.

The project data of projects that have been submitted to the **AnotHERVIEWture AWARD** can only be changed by the user until the submission deadline. Once submitted, the project data is „frozen“ and saved as the contribution to the award in the specific year. After completion of the jury process and the award ceremony, submitted projects will be unlocked and ready for further updating in the **anotHERVIEWture ARCHIVE**.

The submitted project data will be published online or in print as a documentation of the **anotHERVIEWture AWARD**.

Jury

The jury of the **anotHERVIEWture AWARD** consists of national and international renowned female colleagues and experts. In order to achieve continuity and diversification the award winners will automatically be members of the **anotHERVIEWture AWARD** jury in the following year.

THE JURY PROCESS TAKES PLACE IN TWO STEPS:

1. First the jury members assess the submitted projects individually in a digital process.
2. Based on the evaluation of the first step the jury meets to select the winners of the award in each category in a joint working process.

PARTICIPANTS CAN SUBMIT THEIR PROJECTS ONLY IN ONE OF THE FOUR CATEGORIES

As a result of the jury process, there will be one winner per category.
The prize money for the winner in each category is EUR 5.000.

Category I Female Architect of the Year	Category II Emerging Female Architect of the Year	Category III Female Engineering Achievement of the Year	Category IV International Female Architect of the Year
--	---	---	--

FEMALE ARCHITECT OF THE YEAR

CATEGORY I

Female Architect of the Year is intended to honour the work of Austrian female architects

This prize is sponsored by the Federal Chamber of Architects and Chartered Engineering Consultants

Three projects realized and built must be submitted

Required information per project:

- project description: max. 300 words
- max 6 .jpg-files (photos or plans, max. data 10MB each, resolution 600/600)
- photo credits / copyright
- planning partners
- client

Sponsored by:

EMERGING FEMALE ARCHITECT OF THE YEAR

CATEGORY II

Emerging Female Architect of the Year is intended to honour the work of Austrian female architects under 40 years of age at the time of the deadline for submission.

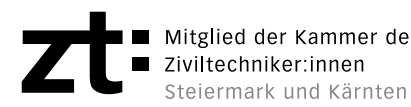

This prize is sponsored by !!SPONSOR!!

Three projects must be submitted: one of them realized and built, two can be planned or competition contributions.

Required information per project:

- project description: max. 300 words
- max 6 .jpg-files (photos or plans, max. data 10MB each, resolution 600/600)
- photo credits / copyright
- planning partners
- client

Sponsored by:

FEMALE ENGINEERING ACHIEVEMENT OF THE YEAR

CATEGORY III

Female Engineering Achievement of the Year is intended to honour advanced technical engineering achievements that combine functionality, economy, innovation and aesthetics in the planning, construction and use of buildings and that represent a high standard through their design, their technical and structural design or their excellent execution.

This prize is sponsored by !!SPONSOR!!

The projects usually are holistic engineering assignments. All projects that have emerged from the fields of engineering science in the construction industry can be submitted without specified regulations. Small detailed ideas are as eligible as larger projects.

Three projects realized and built must be submitted

Required information per project:

- project description: max. 300 words
- max 6 .jpg-files (photos or plans, max. data 10MB each, resolution 600/600)
- photo credits / copyright
- planning partners
- client

Sponsored by:

INTERNATIONAL FEMALE ARCHITECT OF THE YEAR

CATEGORY IV

International Female Architect of the Year is intended to honour female architects registered in countries other than Austria.

This prize is sponsored by !!SPONSOR!!

Three projects realized and built must be submitted

Required information per project:

- project description: max. 300 words
- max 6 .jpg-files (photos or plans, max. data 10MB each, resolution 600/600)
- photo credits / copyright
- planning partners
- client
